ABOUT US

Founded in 1988, Sow Easy is a second-generation family business based in South Buckinghamshire. We believe growing should be simple, sustainable and joyful. From kitchens and offices to classrooms and windowsills, we create clever little growing gifts that inspire anyone to get hands-on with nature – no green thumb required.

Our signature Seedsticks® make sowing effortless: pre-measured seeds, responsibly sourced paper and compact formats that fit modern life. Every product is Made in Britain certified at our SMETA 4-Pillar audited factory, with sustainability and ethical production at the heart of what we do.

Whether you're gifting, promoting a brand, or growing for your own home cooking, our mission is the same: to help people connect with plants, discover the thrill of growing from seed, and keep on growing, season after season.

Keep growing!
